

# Northwest Territories representatives are going to recruit international candidates

---

## FOR IMMEDIATE RELEASE

**Yellowknife, October 26, 2023**

From November 18 to 24, a delegation made up of CDETNO staff, the Coordinator of the welcoming community of Yellowknife (CFA), and a representative of the Territorial Government will travel to Paris, France and then to Rabat, Morocco to attend the 19th edition of Destination Canada Mobility Forum 2023.

During their stay in Europe and North Africa, they will promote the territories, present job opportunities from local employers, collect resumes, and facilitate the selection of candidates.

NWT employers who are interested in recruiting staff at Destination Canada are invited to send their job offers to CDETNO ([emplois@cdetno.com](mailto:emplois@cdetno.com)) for free representation in Paris and Rabat.

This NWT delegation will also participate in the online forum, which will take place from December 4 to 6.

In 2022, during Destination Canada in Paris, Rabat, and online, 2,659 candidates received information, 1,113 in person and 1,546 virtually. CDETNO presented 29 job offers for a total of 9 employers.

The Destination Canada Mobility Forum is an annual event organized by the Government of Canada. It allows French-speaking and bilingual candidates to learn about Canada's diverse immigration programs and helps them expand their network, including with representatives from provinces and territories, cities and regions.
